BATHROOM FURNITURE MEETING YOUR REQUESTS

BMF

A family company with over 70 – year long tradition of bathroom furniture manufacturing

Customers' satisfaction and the top quality manufacturing are the key business activities of the Czech furniture manufacturer, the company of BMF. Being a manufacturer and supplier of bathroom furniture the company relies on the latest machinery, new trends and swift and precise realization of individual needs of its customers. When developing new furniture, the company of BMF cooperates with international partners in the sanitary field.

ADVANTAGES OF BMF

FIVE-YEAR GUARANTEE FOR FURNITURE AND WASHBASINS

One of the greatest advantages of our furniture is its high water-resistance. Thanks to ABS edges with PUR glue the furniture is protected against mechanical damages. For this quality we provide a 5-year guarantee for the furniture and washbasins.

BRANDED FITTINGS HETTICH

Easy manipulation with the furniture is preconditioned by the fittings. We use top-quality German fittings made by the company HETTICH. The carrying capacity of drawers is 30 kg. Here we also provide a 5-year guarantee.

A GREAT ASSORTMENT OF DÉCORS AND VARNISHES

The body and the fronts of the cabinets can be produced with any decor and colour. You can choose from over 15 laminate varieties and different varnished colours. Upon your request you can choose a colour – glossy or matt – from RAL and NCS colour book.

TAILOR-MADE FURNITURE

Would you like something special and an individual solution just for your bathroom? We can make your ideas real and produce tailor-made furniture for you.

NEW BATHROOM WITHIN 7 DAYS

Sometimes you need it fast – in our programme we have our express products. For more information on our Express programme ask your seller.

When manufacturing our products we pay great attention to environmental protection and we use green energies.

EDITION_

Extravagance and ergonomics come together in many details. The sloping front emphasizes the timeless design. The drawers do not need a handle they open when pressed. The optional storage space just below the drawer is practical. A large selection of washbasins can be fully integrated or deployed. The real wood version is unique, the program is also available in many colours and décors.

JESTY_

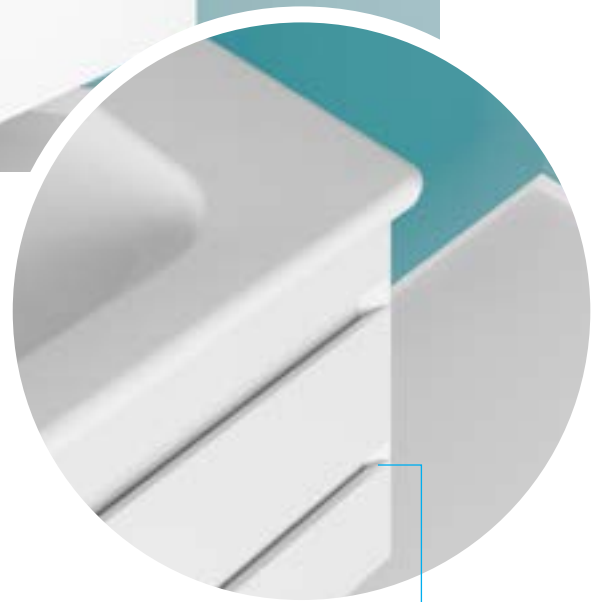

Fashionable and timeless at the same time – that is how JESTY presents itself. Thanks to the slanted front edges it is easy to open the drawers without handles. It goes well with a shaped Euphoria washbasin made from quality ceramic. The serie is supplemented with mirror cabinets and tall cabinets with the same design. Something for aesthetes: upon request the cabinets are made with the same décor inside and outside.

The EUPHORIA washbasin serie offers clear and modern design and boasts of huge washing space. The washbasins are available in the widths of 60, 80, 90, 100, and 120cm.

TORO_

In the TORO serie inner qualities meet outer elegance. Large drawers provide enough space. Embedded handles and round corners are typical. The washbasin Duravit with its round edges corresponds with it. TORO is available in different colours for inner and outer décors. The fronts of washbasin cabinets, mirrors and tall cabinets are available also in the wood décor.

Typical TORO - varnished round edges and maximal utilization of space.

WASHBASIN COUNTERS

Greater minimalism is impossible. Glossy rectangular consoles are a design element themselves and they give every bathroom a pure and modern image – simply as individual shelves, bearing the counter for a countertop washbasin, or combined with drawer units. A hidden console can easily be adjusted based on the bathroom dimensions. They can be used in combination with already existing niches, combining cabinets and cover plates and toppers.

WASHBASIN COUNTERS

Washbasin counters are available with two different consoles. The width is variable. If you need more storage space, we offer cabinets under the countertop and supplementary cabinets.

GLOBE_

GLOBE brings a sophisticated combination of different materials. Elegant glass surfaces reflect its uniqueness and give GLOBE its elegant look. The angular washbasin even intensifies the modern approach. By means of a linking unit it is possible to combine two or more washbasin cabinets and thus create a larger set. GLOBE, supplemented with a mirror with special functional elements and a tall cabinet, becomes the first choice and represents a perfect solution even for large bathrooms.

Luxurious black glass as a supplement to a great choice of décors. Discreet handles for easy opening. Mirror with LED lighting. Practical storage area is optically linked with the top of the washbasin cabinet.

MAGIC_

With MAGIC nothing can stop the magical redo of your bathroom. The contrasts are obvious here – large and small. Large drawers offer generous space despite the fact that the washbasin cabinet can be integrated into a small bathroom. Using one or two drawers – MAGIC can create a bathroom according to your needs.

SMILE_

To start your day cheerfully and to go to bed smiling. SMILE changes your bathroom into an oasis of good mood. Fashionable surfaces, glossy or matt shades its special design spread optimism. Thanks to milled-in handles the opening reminds a children's game. With the product range SMILE the stay in your bathroom is a cheerful business.

SMILE

The specific feature of the SMILE product range is the milled-in handle, which means the furniture is handleless.

The back edge is specific for the washbasins HARMONIA.

LOGI_

Even seemingly simple things are surprisingly good. As well as LOGI, also the furniture programme a pure and fresh design. The surprise is the great choice of washbasins. The configuration of wall-mounted cabinets and washbasin cabinets likewise follows individual requirements and wishes, as well as the surface treatments and colour varieties. Another advantage: LOGI can be delivered really quickly.

Washbasin cabinets LOGI with a specific steel blind is manufactured to go with various washbasin models. The tall cabinet also offers a niche, which can be used as a practical storage area.

NEO_

With minimum body dimensions NEO offers maximum options and possibilities. Due to its depth of only 38 cm NEO will easily find its place even in the smallest room. It is also a perfect solution for toilets or guest bathrooms. The round edges of the door only emphasize its elegant design. Thanks to a wide choice of glossy as well as matt colours it will satisfy even the individual requests.

Despite its depth of only 38 cm the compact bathroom range NEO with washbasins from the range MINI offers enough space for hand washing. Round edges emphasize the varnished surfaces.
